Dear President Spires:

As President of the Allegheny County Labor Council of Western Pennsylvania and on behalf of over 113,00 members and their families, I would like to express our support for the Acme workers who are willing to stay on the job under their current contract while negotiations take place for a new contract. We understand that Acme has threatened to terminate its contract with its workers.

Please be advised as brothers and sisters of our entire Council stretch our support to our sister unions across the state of Pennsylvania, we will not tolerate a lock out. We urge you not to take any action that is against the best interests of our community, the employees and the company. Please reconsider your stand on this unfair situation that could only cause heartache and financial loss to everyone involved.

Sincerely,

Jack Shea, President
