Re: Acme Contract

Dear Mrs. Spires:

We are troubled by the latest developments in the negotiations between Acme Markets & their union employees. We support the Acme workers who are willing to stay on the job under their current contract while you continue to negotiate with their union representatives. We would like to make it perfectly clear we do not support a lock out of Acme employees. We live & work in the communities in which Acme does business and have no problem patronizing your competition should Acme management choose to engage in an employee lock out. I urge you to continue negotiating with the workers for a fair contract.

Sincerely,

Mike Daniels
