Dear Ms Spires,

The Jewish Labor Committee supports the ACME workers who are willing to stay on the job under their current contract while negotiations take place on a new contract. As we understand it, ACME has threatened to terminate its contract with its workers. We urge you to withdraw your threats to members' benefits and remain at the table. Negotiating a fair contract is in the best interests of our community, the employees and the company.

As acquaintances and neighbors of ACME employees, we are concerned for the quality of life for ACME workers and their families, and by extension our neighborhoods. In addition, as consumers we are concerned that people who handle our food continue to receive their current levels of health care.

Sincerely,

Jeff Hornstein
